

Environmental Policy

1. Overview

1.1. Renascor Resources Limited (Renascor) is committed to minimising the detrimental environmental impact of our activities through identifying and implementing best fit environmental planning, management, monitoring and review processes to enable continuous improvement of our environmental performance.

2. Key Commitments

- Strive to continuously improve our environmental performance.
- Educate our employees and contractors about environmental matters and our associated responsibilities to ensure they have the appropriate degree of awareness, environmental skills and training.
- Promote practises and behaviours that contribute to environmental sustainability and preserve community values associated with the land on which we operate
- Seek to ensure that our activities wherever possible prevent, minimise, mitigate and remediate any harmful effects of our operations on the environment
- Strive to prevent air, land, water and noise pollution as far as reasonably practicable.
- Seek to ensure a positive contribution to the conservation of biodiversity due to our operations and activities.
- Use of sound scientific principles in decisions making relating to protection of the environment and mitigation of impacts relating to our activities.
- Maintain open and transparent reporting on environmental performance to our stakeholders.
- Work with our stakeholders to further understand direct and indirect environmental impacts of our operations to identify sustainable outcomes.
- Comply with applicable environmental laws, regulations and mandatory standards and , where these do not exist, apply appropriate internal standards that reflect Renascor’s commitment to prevent, minimise, mitigate and remediate environmental impacts resulting from our operations, products and services.
